

GILLINGHAM SOUTH CIRCUIT - shorter: 8.23 miles

Churches in the shorter circuit:

Twydall - Holy Trinity (start and finish)

Princes Park (Direction 41B: Detour - see Appendix)

Hempstead (67)

Associated local circuits

- GS2: Parkwood Rainham Twydall Wigmore Parkwood
- MN1: Chatham Gillingham Darland Banks Luton Chatham
- CS2: Luton Darland Banks Hempstead Capstone Farm CP Princes Park Luton
- GS1: Hempstead Wigmore Parkwood Bredhurst Hempstead

<u>Shorter circuit</u>: This walk is airily suburban for the most part, but punctuated by the delights of Darland Banks and later a fleeting glimpse of open countryside followed by the Capstone Farm Country Park.

Roads and hindrances:

The busier roads are well supplied with lights or islands. The roads and roundabouts around Princes Park (Directions 41B and 42) should command particular respect.

The climb up from Emily Way (43) is steep, but relatively short.

SHORTER CIRCUIT

34	61	[Map point] Just after passing the end of Ryde Close opposite,		
		turn left away from the road on the signposted footpath

35	63	Follow the tarmac path as it swings to the right (ignoring the		
		left-turn).		
36		And swing slightly right again.		
37	64	Take the right fork, slightly uphill.		
38	71	START OF THE SPINE SECTION	766 651	
		Where the steps come down from the right, continue ahead.		
39	74	Ignore the narrow path leading down to the left.		
		[It would be possible, and indeed it is tempting, to use it as a short cut		
		down to Princes Park Church and its surroundings, but even in the		
		dry it is too steep to recommend!]		
40	76	At the end turn left alongside the road.		3.53
41		[To visit Princes Park Church , now divert instead to the Detour in		
		the Appendix.]

	77	Main route: After crossing the road when convenient, reach		
		the roundabout at the bottom and turn right along the main

12	78	[Map point] After a second roundabout, use the lights to cross		
		the main road on the left, and continue briefly up Wren Way opposite.		
43	79	At the top look across the crossing road (Emily Way) and		
10	19	slightly to the left, to find the start of the steep uphill footpath		
		('to Lordswood Lane, RC9A'). Set off up this path.		
44	84	After two squeeze gates reach a crossing road, and continue up		
	04	Archer Road, almost opposite (slightly to the right).		
45	86	Turn left on to Stanley Road, and swing right with it.		
46	88	When the roadway bends right again, instead go straight ahead		
	00	along a pathway leading towards a main road.		
47	89	[!!F!!] Go down steps to reach the road, cross it by way of the		
		island, then go up steps beyond. Maintain the same direction		
		along the field path ahead, aiming at the left-hand edge of the		
		further row of trees in the middle distance. On reaching them,		
		continue down the right-hand edge of the very big field.		
48	94	After carefully negotiating a steep step down to the road, turn		
		right along it.		
49	95	[Map point] Just around the bend look out for a gap on the left		
		with two footpaths signposted to lead away from the road: one		
		only slightly left, uphill; the other (RC6) sharp left after a few		
		yards up through the undergrowth. This second is the one to		
		take. After about 40 yds. along the bottom of a field it leads to		
		a squeeze gate in the corner.		
50		Go through the squeeze gate into the Capstone Farm Country		4.27

51	98	After following this path along the field-edge through its gentle

FOR THOSE WHO WALK WITH THEIR DOGS

I do not venture to give advice about walking with your dog. As well as the joys, you will be well aware of the issues involved, and particularly that relationships between dogs and other countryside animals potentially involve mutual suspicion, or worse.

But what this footnote does try to do, in response to requests, is to give some indication of the nature of the walk from a dog's point of view, to enable you to decide whether it is suitable.

The percentage distances on the right should be self-explanatory.

The information in the middle column may look a bit cluttered, but I think it should enable you (if the detail is of interest) to mark up within a few minutes a print-out of the walk notes, so that you have some idea what might be round the next corner.

The risk in all this is that <u>things change so quickly</u> in the agricultural working world; and what I describe might become misleading after subsequent changes. I have done my best, but there is no guarantee that you will find the information up to date!
